

# LSI ULTRA PLUS II

## RESIDENTIAL CARPET PADDING

MADE IN THE USA

SUPERIOR PROPERTIES FOR USE IN  
RESIDENTIAL OR COMMERCIAL CARPET INSTALLATIONS

In physics, resilience is the ability of an elastic material to absorb energy and release that energy as it springs back to its original shape.\* LSI Carpet Padding holds its resilience for LIFE.

**That's why we say it's UNSQUASHABLE™!**

Nope,  
Can't Squash  
LSI Carpet Padding!

### FEATURES & BENEFITS

This product is the most advanced carpet cushion foundation available in the entire world. Developed after years of scientific research, and manufactured with proprietary chemistry and technology. LSI Ultra Plus II has been engineered to be *the very best carpet cushion*.

- Outstanding resilience with thousands of shock absorbing cells in every square foot, each one functioning as a shock absorber and providing support for the carpet, humans, and pets
- Helps prevent floor irregularities from showing through onto the carpet surface
- Hi-density cushion helps to prevent carpet crushing and matting
- Hi-density cushion helps to keep the carpet level, which helps to prevent delamination and the need for re-stretching; helps to keep carpets looking new for a longer period
- Superior insulation and noise reduction properties; works well with radiant floor heating
- Non-allergenic and water resistant; resists mold and mildew
- No smells, odors, or chemical emissions
- Feels good underfoot; will not crumble or disintegrate

### ECO-RESPONSIBLE

Formaldehyde, PVC, Phthalate,  
Lead and Heavy Metal Free,  
Non-Toxic, Low VOC

### INSTALLATION

For conventional stretch-in installation

### MANUFACTURING SPECIFICATIONS

*Specially made with a high density 100% virgin urethane foam to cushion and protect*

**Material:** High density urethane foam  
**Thickness:** .300" (5/16")  
**Density / Cu. Ft.** 16 lbs.  
**Width:** 6'  
**Standard Roll Length:** 45'
